

Why was Jonah swallowed by a giant fish? Read Jonah 1

Because he tried to run away from \_\_\_\_\_!

Copy both pages onto sturdy paper. Kids may want to color the pictures. Cut out both the backing shape and Jonah's arrow.

Tape only the top edge of the backing piece on the back of the fish page, lining up the shapes by holding the page up to the light.

Lay the arrow with Jonah so it looks like he is headed down the fish's mouth and the arrowhead sticks out behind the fish tail.

Tape the bottom edge of the backing piece to make a sleeve for Jonah to slide in and out of the fish's mouth.
